PROXY STATEMENT

IN GENERAL

This statement is furnished in connection with the solicitation of proxies by the Board of Directors of Paramount Services Corp. (the "Company") to be used at a Special Meeting of Stockholders to be held at Suite 1650, Waterfront Centre, 200 Burrard St., Vancouver, British Columbia, Canada V6C 3L6, on September 14, 1999, to consider and act upon the following:

1. A proposal to reverse split the outstanding shares of the Company's common stock such that each twenty-three shares of the Company's issued and outstanding common stock will be automatically converted into one share of common stock, and following the adoption of this proposal,

2. A proposal to forward split the then outstanding shares of the Company's common stock such that each share of the Company's issued and

outstanding common stock, after giving effect to the reverse stock split provided for above, will be automatically converted into twenty shares of common stock.

The Special Meeting of Stockholders will begin at 9:00 a.m., local time on September 14, 1999 and will be adjourned to 1:00 p.m. local time on September 14, 1999. The shares covered by the enclosed proxy, if such is properly executed and received prior to the meeting, will be voted for the proposals to be considered at the meeting. A proxy may be revoked at any time before it is exercised by giving written notice to the Company, and stockholders may vote their shares if they attend the meeting in person even if they have executed and returned a proxy. Distribution of this Proxy Statement commenced on or about September 3, 1999.

Management of the Company does not intend to present and does not have reason to believe that others will present any other items of business at the Special Meeting. However, if other matters are properly presented to the meeting for a vote, the proxies will be voted upon such matters in accordance with the judgment of the persons acting under the proxies.

The cost of preparing, printing and mailing the enclosed proxy, accompanying notice and proxy statement, and all other costs in connection with solicitation of proxies will be paid by the Company including any additional solicitation made by letter, telephone or facsimile.

PROPOSALS TO BE CONSIDERED AT THE MEETING

Reverse Stock Split

As of the date of the proxy statement, the Company has 294 shareholders of record. Two hundred sixty-two if the record holders own less than twenty-three shares of the Company's common stock.

Due to the high cost of communicating with its shareholders, the Company feels it would be in the best interest of the Company to eliminate shareholders who own less than 10 shares of common stock. The proposal to be submitted at the special meeting of shareholders, if adopted, would cause any shareholder that owned less than twenty-three shares to own less than one share. Since the Company would not issue any fractional shares of common stock, any shareholder owning less than one full share after the reverse stock split would be paid in cash for his or her fractional shares. If the proposed reverse stock split is adopted, and based upon the book value of the Company's common stock at September 2, 1999, the Company estimates that it would pay \$0.10 for each 0.10 of a post split share (to be proportionately adjusted for other fractions).

The effect of the reverse stock split would be to eliminate approximately 262 shareholders (owning approximately 979 shares) at an estimated cost of approximately \$200.

After the reverse stock split the Company would continue to be registered under Section 12(g) of the Securities Act of 1933.

The Company does not feel that the elimination of approximately 262 shareholders of record will have any adverse impact since the value of the shares held by the shareholders owning less than twenty-three shares is so small that the sale of such shares (after taking into account brokerage commissions and stock transfer fees) would not be practical.

Forward Stock Split

After the adoption of the reverse stock split described above, the Company will have approximately 112,450 issued and outstanding shares of common stock. The Company's board of directors has adopted a proposal, subject to shareholder approval, to forward split each outstanding share of the Company's common stock such that each issued and outstanding share (after giving effect to the reverse stock split) would be automatically converted into twenty shares of common stock.

Summary

The following summarizes the effects of the reverse and forward stock splits on the outstanding shares of the Company's common stock.

Total outstanding shares at September 2, 1999	2,587,778
Total outstanding shares after twenty-three for 1 reverse stock split	112,450
Total outstanding shares after	

The Company will not issue any fractional shares as a result of the reverse stock split to shareholders owning (prior to the reverse stock split) less than twenty-three shares. Any stockholder owning less than one full share after the reverse stock split will be paid in cash for his or her fractional share.

Any fractional shares resulting from the twenty for one forward stock split will be rounded to the nearest whole share.

Vote Required

On September 2, 1999, there were 2,587,778 outstanding shares of the Company's common stock, with each share entitled to one vote. A majority of the outstanding shares of common stock will constitute a quorum for the transaction of business at the meeting.

The adoption of the proposals to reverse split, and then forward split, the Company's outstanding common stock will require the approval by the holders of a majority of the shareholders of the Company's issued and outstanding common stock. The adoption of any other proposals to come before the meeting will require the approval of a majority of votes cast at the meeting.

Stockholders of record at the close of business on September 2, 1999, will be entitled to vote on the proposal concerning the reverse stock split and on any other matters to be considered at the meeting to be convened at 9:00 a.m.

Stockholders of record at the close of business on September 2, 1999, and who own twenty-three or more shares of the Company's common stock on such date will be entitled to vote on the proposal concerning the forward stock split as well as any other matters to be considered at the meeting to be reconvened on September 14 at 1:00 p.m.

The Company's principal shareholder, who owns 2,571,057 shares of the Company's common stock (99% of the total outstanding shares) intends to vote its shares in favor of the proposals to reverse split, and then forward split, the outstanding shares of the Company's common stock.

PRINCIPAL SECURITY HOLDERS

The following table sets forth the shareholdings of the Company's officers and directors, and those persons who own more than 5% of the Company's common stock, its only class of outstanding equity securities, as of September 2, 1999. Unless otherwise indicated, the share ownership reflected below represents both record and beneficial ownership.
