The meeting will be held at *.

What Items will be Voted Upon at the Annual Meeting?

You will be voting on the following matters:

1. AMENDMENT OF THE CERTIFICATE OF INCORPORATION TO DECREASE THE AUTHORIZED SHARES OF COMMON STOCK. To consider adopting the amendment to the Certificate of Incorporation to decrease the number of authorized shares of common stock from 75,000,000 to 25,000,000;

4. OTHER BUSINESS. To transact such other business as may properly come before the annual meeting or any adjournment of the annual meeting.

Who can Vote?

Only holders of record of our common stock at the close of business on *, 2008 will be entitled to notice of and to vote at the annual meeting and any adjournments of the annual meeting. You are entitled to one vote for each share of common stock held on that date. Such shares may not be voted cumulatively. On *, 2008, there were * shares of our common stock outstanding and entitled to vote at the Stockholders Meeting.

YOUR BOARD OF DIRECTORS HAS APPROVED EACH OF THE PROPOSALS SET FORTH HEREIN.

ACCORDINGLY, THE BOARD RECOMMENDS A VOTE FOR THE AMENDMENT OF THE CERTIFICATE OF INCORPORATION, THE ELECTION OF THE NOMINEE DIRECTORS AND THE RATIFICATION OF J. H. COHN LLP AS AUDITORS.

How do I Vote by Proxy?

Each validly returned proxy (including proxies for which no specific instruction is given) which is not revoked will be voted "FOR" each of the proposals as described in this Proxy Statement and, at the proxy holders' discretion, on such other matters, if any, which may come before the Meeting (including any proposal to adjourn the Meeting).

Whether you plan to attend the annual meeting or not, the Company urges you to vote by proxy. Voting by proxy will not affect your right to attend the annual meeting. If your shares are registered directly in your name through the Company's stock transfer agent, Interwest Transfer Company, Inc., or you have stock certificates, you may vote:

- **By mail.** Complete and mail the enclosed proxy card in the enclosed postage prepaid envelope. Your proxy will be voted in accordance with your instructions. If you sign the proxy card but do not specify how you want your shares voted, they will be voted as recommended by the Company's Board of Directors.
- **In Person at the Meeting.** If you attend the meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

If your shares are held in "street name" (held in the name of a bank, broker or other nominee), you must provide bank, broker or other nominee with instructions on how to vote your shares and can do so as follows:

- **By Mail.** You will receive instructions from your broker or other nominee explaining how to vote your shares.
- **In Person at the Meeting.** Contact the broker or other nominee who holds your shares to obtain a broker's proxy card and bring it with you to the meeting. You will not be able to vote at the meeting unless you have a proxy card from your broker.

How do I Change or Revoke my Proxy?

You may revoke your Proxy at any time before it is voted either by filing with the Secretary of the Company, at our principal executive offices, a written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and expressing a desire to vote your shares in person. Our principal executive offices are located at One East Uwchlan Avenue, Suite 301, Exton, Pennsylvania 19341.

What Constitutes a "Quorum" for the Annual Meeting?

The representation, in person or by proxy, of thirty-three and one-third percent (33.33%) of the outstanding shares of our common stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. All Proxies that are returned will be counted by the Inspector of Elections in determining the presence of a quorum and on each issue to be voted on, except as noted below. An abstention from voting or a broker non-vote will be used for the purpose of establishing a quorum, but will not be counted in the voting process. All Proxies that are properly completed, signed and returned to the Company before the Annual Meeting, and that have not been revoked, will be voted in favor of the proposals described in this Proxy Statement unless otherwise directed.

How Many Votes Are Required?

- The proposal to amend the Certificate of Incorporation to reduce the number of authorized shares of common stock from 75,000,000 to 25,000,000 will require the affirmative vote of at least a majority of the Company's outstanding shares of Common Stock. Thus, any abstentions, "broker non-votes" (shares held by brokers or nominees as to which they have no discretionary authority to vote on a particular matter and have received no instructions from the beneficial owners or persons entitled to vote thereon), or other limited proxies will have the effect of a vote against amending the Company's Certificate of Incorporation.
- Directors nominees are elected by a plurality of the votes cast in person or by proxy, provided that a quorum is present at the Meeting.
- The ratification of the selection of J. H. Cohn LLP as the Company's independent registered public accounting firm will require an affirmative vote of the majority of the votes cast in person or by proxy, provided that a quorum is present at the Meeting.

Who Pays For The Solicitation Of Proxies?

The Company will bear the entire cost of preparing, assembling, printing and mailing the proxy materials furnished by the Board of Directors to stockholders. Copies of the proxy materials will be furnished to brokerage houses, fiduciaries and custodians to be forwarded to the beneficial owners of the Common Stock. In addition to the solicitation of proxies by use of the mail, some of the officers, directors and regular employees of the Company may (without additional) solicit proxies by telephone or personal interview, the costs of which the Company will bear.

Householding of Annual Disclosure Documents

In December 2000, the Securities and Exchange Commission adopted a rule concerning the delivery of annual disclosure documents. The rule allows the Company or brokers holding the Company's shares on your behalf to send a single set of the Company's annual report and proxy statement to any household at which two or more of the Company's stockholders reside, if either the Company or the brokers believe that the stockholders are members of the same family. This practice, referred to as "householding", benefits both stockholders and the Company. It reduces the volume of duplicate information received by you and helps to reduce our expenses. The rule applies to the Company's annual reports, proxy statements and information statements. Once stockholders receive notice from their brokers or from the Company that communications to their addresses will be "household", the practice will continue until stockholders are otherwise notified or until they revoke their consent to the practice. Each stockholder will continue to receive a separate proxy card or voting instruction card.

Stockholders who do not wish to participate in "householding" and would like to receive their own sets of the Company's annual disclosure documents in future years should follow the instructions described below. Stockholders who share an address with another one of the Company's stockholders and who would like to receive only a single set of the Company's annual disclosure documents should follow these instructions:

- Stockholders whose shares are registered in their own name should contact the Company's transfer agent, *Interwest Transfer Co., Inc.*, and inform them of their request by calling them at (801) 272-9294 or writing them at 1981 East Murray Holladay Road, Suite 100, Salt Lake City, Utah 84117.
- Stockholders whose shares are held by a broker or other nominee should contact the broker or other nominee directly and inform them of their request. Stockholders should be sure to include their name, the name of their brokerage firm and their account number.

PROPOSAL NO. 1

AMENDMENT TO THE CERTIFICATE OF INCORPORATION

The Board of Directors has determined that it is advisable to decrease the authorized number of shares of common stock from 75,000,000 shares to 25,000,000 shares. The Board has voted to recommend that the stockholders adopt an amendment to the Company's certificate of incorporation implementing the proposed decrease.

The reason for this action is to effect a significant saving in the amount of franchise tax that the Company must pay each year in Delaware. The Company pays franchise tax in Delaware based, in part, on the number of shares of common stock and preferred stock that are authorized in the Company's certificate of incorporation. Based on the authorized shares currently provided in its certificate of incorporation, the Company has been paying approximately \$130,000 per year, (\$165,000 is the maximum franchise tax in Delaware). By reducing the authorized number of shares as proposed, the Company will reduce its annual franchise tax by approximately \$86,000.

As of August 26, 2008, 7,251,083 shares of common stock were issued and outstanding, an additional 592,192 shares were reserved for issuance under the Company's stock option plans and an additional 1,883,796 shares were reserved for issuance upon exercise of outstanding warrants. On that date there were no shares of preferred stock outstanding. The Board has no pending plans involving the issuance of additional common or preferred stock and believes that the new reduced level of authorized shares will be adequate to cover requirements in the foreseeable future. In the event that additional authorized shares are needed in the future, the stockholders will be asked to approve an amendment to the certificate of incorporation to increase the authorized shares to the level needed at that time.

RECOMMENDATION OF THE BOARD FOR PROPOSAL NO. 1:

THE BOARD RECOMMENDS A VOTE FOR THE AMENDMENT OF THE CERTIFICATE OF INCORPORATION TO DECREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK TO 25,000,000.

PROPOSAL NO. 2
ELECTION OF DIRECTORS

NOMINEES

At the Annual Meeting, the stockholders will elect five directors to serve until the next Annual Meeting of Stockholders or until their respective successors are elected and qualified. In the event any nominee is unable or unwilling to serve as a director at the time of the Annual Meeting, the proxies may be voted for the balance of those nominees named and for any substitute nominee designated by the present Board or the proxy holders to fill such vacancy, or for the balance of the nominees named without nomination of a substitute, or the size of the Board may be reduced in accordance with the Bylaws of the Company. The Board has no reason to believe that any of the persons named below will be unable or unwilling to serve as a nominee or as a director if elected.

Assuming a quorum is present, the five nominees receiving the highest number of affirmative votes of shares entitled to be voted for them will be elected as directors of the Company for the ensuing year. Unless marked otherwise, proxies received will be voted "FOR" the election of each of the five nominees named below. In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in such a manner as will ensure the election of as many of the nominees listed below as possible, and, in such event, the specific nominees to be voted for will be determined by the proxy holders.

The Nominating Committee seeks to identify director candidates based on input provided by a number of sources, including (1) the Nominating Committee members, (2) our other directors, (3) our stockholders, (4) our Chief Executive Officer or Chairman, and (5) third parties such as professional search firms. In evaluating potential candidates for director, the Nominating Committee considers the entirety of each candidate's credentials.

In addition to these minimum qualifications, the Nominating Committee also takes into account when considering whether to nominate a potential director candidate the following factors:

- whether the person's nomination and election would enable the Board to have a member that qualifies as an "audit committee financial expert" as such term is defined by the Securities and Exchange Commission (the "SEC") in Item 401 of Regulation S-K;
- whether the person would qualify as an "independent" director under the listing standards of the Nasdaq Stock Market;
- the importance of continuity of the existing composition of the Board of Directors to provide long term stability and experienced oversight; and

In order to provide for an orderly and informed review and selection process for director candidates, the Board of Directors has determined that stockholders who wish to recommend director candidates for consideration by the Nominating Committee must comply with the following:

- The recommendation must be made in writing to the Corporate Secretary at WPCS International Incorporated.

COMPENSATION DISCUSSION AND ANALYSIS (CD&A)

The following discussion and analysis of compensation arrangements of our named executive officers for the fiscal year ended April 30, 2008 should be read together with the compensation tables and related disclosures set forth below.

Compensation Philosophy and Objectives

We believe our success depends on the continued contributions of our named executive officers. Our named executive officers are primarily responsible for our growth and operations strategy, and the management of the day-to-day operations of our subsidiaries. Therefore, it is important to our success that we retain the services of these individuals to ensure our future success and prevent them from competing with us should their employment with us terminate.

Our overall compensation philosophy is to provide an executive compensation package that enables us to attract, retain and motivate executive officers to achieve our short-term and long-term business goals. We strive to apply a uniform philosophy regarding compensation of all employees, including members of senior management. This philosophy is based upon the premise that the achievements of the company result from the combined and coordinated efforts of all employees working toward common goals and objectives in a competitive, evolving market place. The goals of our compensation program are to align remuneration with business objectives and performance and to enable us to retain and competitively reward executive officers and employees who contribute to our long-term success. In making executive compensation and other employment compensation decisions, the Executive Committee considers achievement of certain criteria, some of which relate to our performance and others of which relate to the performance of the individual employee. Awards to executive officers are based on achievement of company and individual performance criteria.

The Executive Committee will evaluate our compensation policies on an ongoing basis to determine whether they enable us to attract, retain and motivate key personnel. To meet these objectives, the Executive Committee may from time to time increase salaries, award additional stock options or provide other short and long-term incentive compensation to executive officers and other employees.

Compensation Program & Forms of Compensation

We provide our executive officers with a compensation package consisting of base salary and participation in benefit plans generally available to other employees. In setting total compensation, the Executive Committee considers individual and company performance, as well as market information regarding compensation paid by other companies in our industry.

In order to achieve the above goals, our total compensation packages include base salary, annual bonus, as well as long-term compensation in the form of stock options.

Base Salary. Salaries for our executive officers are initially set based on negotiation with individual executive officers at the time of recruitment and with reference to salaries for comparable positions in the industry for individuals of similar education and background to the executive officers being recruited. We also consider the individual's experience, and expected contributions to our company. Base salary is continuously evaluated by competitive pay and individual job performance. Base salaries for executives are reviewed annually or more frequently should there be significant changes in responsibilities. In each case, we take into account the results achieved by the executive, his or her future potential, scope of responsibilities and experience, and competitive salary practices.

Bonuses. A component of each executive officer's potential annual compensation may take the form of a performance-based bonus. Contractually, our Executive Vice Presidents are entitled to receive an annual bonus equal to 3% of the annual profit before interest and taxes of the designated subsidiaries assigned to him. Our CEO and CFO are entitled to an annual bonus, to be determined at the discretion of the Executive Committee, based on our financial performance and the achievement of the officer's individual performance objectives.

Long-Term Incentives. Longer-term incentives are provided through stock options, which reward executives and other employees through the growth in value of our stock. The Executive Committee believes that employee equity ownership provides a major incentive for employees to build stockholder value and serves to align the interests of employees with those of our stockholders. Grants of stock options to executive officers are based upon each officer's relative position, responsibilities and contributions, with primary weight given to the executive officers' relative rank and responsibilities. Initial stock option grants designed to recruit an executive officer may be based on negotiations with the officer and with reference to historical option grants to existing officers. Stock options are generally granted at an exercise price equal to the market price of our common stock on the date of grant and will provide value to the executive officers only when the price of our common stock increases over the exercise price. Although the expenses of stock options affect our financial statements negatively, we continue to believe that this is a strong element of compensation that focuses the employees on financial and operational performance to create value for the long-term.

With regard to our option grant practice, the Executive Committee has the responsibility of approving all stock option grants to employees. Stock option grants for plan participants are generally determined within ranges established for each job level. These ranges are established based on our desired pay positioning relative to the competitive market. Specific recruitment needs are taken into account for establishing the levels of initial option grants. Annual option grants take into consideration a number of factors, including performance of the individual, job level, prior grants and competitive external levels. The goals of option grant guidelines are to ensure future grants remain competitive from a grant value perspective and to ensure option usage consistent with option pool forecasts. Based on the definition of fair market value in our stock option plan, options are granted at 100% of the closing sales price of our stock on the last market trading date prior to the grant date. We do not time the granting of our options with any favorable or unfavorable news released by us. Proximity of any awards to an earnings announcement or other market events is coincidental.

Executive Equity Ownership

We encourage our executives to hold an equity interest in our company. However, we do not have specific share retention and ownership guidelines for our executives.

Performance-Based Compensation and Financial Restatement

We have not considered or implemented a policy regarding retroactive adjustments to any cash or equity-based incentive compensation paid to our executives and other employees where such payments were predicated upon the achievement of certain financial results that were subsequently the subject of a financial restatement.

Tax and Accounting Considerations

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended, restricts deductibility of executive compensation paid to our Chief Executive Officer and each of the five other most highly compensated executive officers holding office at the end of any year to the extent such compensation exceeds \$1,000,000 for any of such officers in any year and does not qualify for an exception under Section 162(m) or related regulations. The Executive Committee's policy is to qualify its executive compensation for deductibility under applicable tax laws to the extent practicable. Income related to stock options granted under our 2002 Stock Option Plan, the 2006 Incentive Stock Plan, and the 2007 Incentive Stock Plan, generally qualify for an exemption from these restrictions imposed by Section 162(m). In the future, the Executive Committee will continue to evaluate the advisability of qualifying its executive compensation for full deductibility.

Accounting for Stock-Based Compensation. Effective May 1, 2006, we adopted the fair value recognition provisions of FASB Statement 123(R) for stock-based compensation.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

At the time of the following transactions, there were no affiliations between us and the other parties. As a result of these transactions, the other parties became affiliates. The obligations resulting from these transactions were ongoing after the close, resulting in payoffs to the other parties who became affiliates.

In connection with the acquisition of Walker Comm Inc. ("Walker Comm"), we assumed a lease with a living trust established by Gary Walker, one of our Directors, who is the trustee and whose heirs are the beneficiaries of the trust. The lease is for a building and land located in Fairfield, California, which is occupied by our Walker Comm subsidiary. The lease calls for monthly rental payments of \$7,805, with annual increases, calculated using the San Francisco-Oakland-San Jose Consolidated Metropolitan Statistical Area Consumer Price Index. For each of the fiscal years ended April 30, 2008 and 2007, the rent paid for this lease was \$90,943 and \$88,000, respectively. We believe the terms of this lease are no less favorable than those which could have been obtained between unrelated parties for similar transactions acting at arm's length.

On August 22, 2003, we acquired all of the outstanding shares of Clayborn Contracting Group, Inc. ("Clayborn"), our wholly owned subsidiary, in exchange for an aggregate \$900,000 cash consideration and 68,871 newly issued shares of our common stock. The Clayborn stockholders consisted of David Gove, the former President of Clayborn, and his spouse. An additional \$1,100,000 is due by September 30, 2007, payable in quarterly distributions, by payment to the Clayborn stockholders of 50% of the quarterly post tax profits, as defined, of Clayborn and a final payment of any remaining balance on that date. Through April 30, 2008, payments of \$1,100,000 have been made to the former Clayborn stockholders.

On July 19, 2006, we acquired Southeastern Communication Services, Inc. ("SECS") and we lease our Sarasota, Florida location from a trust, of which one of the former shareholders of SECS, is the trustee. For the years ended April 30, 2008 and 2007, the rent paid for this lease was \$52,516 and \$40,315, respectively. We believe the terms of this lease are no less favorable than those which could have been obtained between unrelated parties for similar transactions acting at arm's length.

On March 30, 2007, we lease our Trenton, New Jersey location from Voacolo Properties LLC, of which the former shareholders of Voacolo Electric Incorporated are the members. For the years ended April 30, 2008 and 2007, the rent paid for this lease was \$54,500 and \$4,500, respectively. We believe the terms of this lease are no less favorable than those which could have been obtained between unrelated parties for similar transactions acting at arm's length.

In connection with the acquisition of Taian AGS Pipeline Construction Co. Ltd ("TAGS") in fiscal 2007, our joint venture partner provided the office building for TAGS rent free during fiscal year 2008. We expect to enter into a lease with the joint venture partner in fiscal 2009.

As of April 30, 2008 and 2007, TAGS had outstanding loans due to a related party, Taian Gas Group, totaling \$1,941,718 and \$717,190, respectively, of which \$1,431,230 matures on June 5, 2008, and bears interest at 7.524%.

As of April 30, 2008, Gomes and Gomes, Inc. dba Empire Electric, had outstanding loans due to the former shareholder totaling \$358,365, which bore interest at a rate of 5%. The loans were repaid in May 2008.
