WPCS INTERNATIONAL INCORPORATED AND SUBSIDIARIES NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE BUSINESS AND BASIS OF PRESENTATION

Description of the Business

The Company currently specializes in low voltage communications, audio-visual and security contracting services, conducting business in one segment at three operation centers, through its wholly-owned domestic subsidiaries, WPCS International - Suisun City, Inc. ("Suisun City Operations") and WPCS International - Texas Operations, Inc. ("Texas Operations").

The Company is a full-service low voltage contractor that specializes in the installation and service of Voice & Data Networks, Security Systems, Audio-Visual Solutions, and Distributed Antenna Systems and provides experienced project management and delivers complex projects to key vertical markets that include Healthcare, Education, Transportation, Energy & Utilities, Oil & Gas, Manufacturing, Commercial Real Estate, Financial, Government, etc.

The Company also has strategic alliances with technology partners to provide consulting and application software development services for collaboration, visualization and unified communications and is aligned with major manufacturers to provide the products and technology for seamless integrated and enhanced user experience for enterprise solutions.

Basis of Presentation

The condensed consolidated financial statements of WPCS International Incorporated, a Delaware corporation ("WPCS") and its wholly and majority-owned subsidiaries, (collectively, the "Company") included in this Report for the three and six months ended October 31, 2016 and 2015, reflect the accounts of current and former entities as either continued or discontinued operations, as discussed below.

Continuing operations for the three and six months ended October 31, 2016 and 2015 include the results of operations of: (i) WPCS International Incorporated (corporate operating expenses); (ii) Suisun City Operations and the Texas Operations, the Company's only two active operating subsidiaries; (iii) WPCS Incorporated, an inactive subsidiary; and (iv) WPCS International – Trenton, Inc. ("Trenton Operations"), which operations were closed in September 2013.

Discontinued operations for the three and six months ended October 31, 2015 include the results of WPCS Asia Limited, a 60% joint venture interest in Tai'an AGS Pipeline Construction Co. Ltd. (the "China Operations"). There are no discontinued operations for the three and six months ended October 31, 2016.

The unaudited condensed consolidated financial information furnished herein reflects all adjustments (consisting of normal recurring accruals) which are, in the opinion of management, considered necessary for a fair presentation of the financial position and the results of operations and cash flows of the Company for the periods presented. All intercompany accounts and transactions have been eliminated in consolidation. These unaudited condensed consolidated financial statements of the Company have been prepared in accordance with U.S. generally accepted accounting principles ("GAAP") for interim financial information. Accordingly, they do not include all of the information and notes required by GAAP for complete financial statements. These interim condensed consolidated financial statements should be read in conjunction with the financial statements included in the Annual Report on Form 10-K for the fiscal year ended April 30, 2016.

The results of operations for the three and six months ended October 31, 2016 are not necessarily indicative of the results to be expected for the full fiscal year.

NOTE 2 - LIQUIDITY AND CAPITAL RESOURCES

As of October 31, 2016, the Company had a working capital surplus of approximately \$2,120,000 as compared to a working capital surplus of approximately \$2,061,000 at April 30, 2016. The increase in working capital is due primarily to an increase in accounts receivable and cash received for an arbitration settlement, offset by an increase in liabilities and cash used to fund our operating loss.

The Company's cash and cash equivalents balance at October 31, 2016 was \$2,070,000 as compared to \$2,236,000 at April 30, 2016.

The Company's future plans and growth are dependent on its ability to increase revenues and continue its business development efforts surrounding its contract award backlog. If the Company continues to incur losses and revenues do not generate from the backlog as expected, the Company may need to raise additional capital to expand its business and continue as a going concern. The Company currently anticipates that its current cash position will be sufficient to meet its working capital requirements to continue its sales and marketing efforts for at least 12 months from the filing date of this report. If in the future the Company's plans or assumptions change or prove to be inaccurate, the Company may need to raise additional funds through public or private debt or equity offerings, financings, corporate collaborations, or other means. The Company may also be required to reduce operating expenditures or investments in its infrastructure.

NOTE 3 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Significant Accounting Policies

There have been no material changes in the Company's significant accounting policies to those previously disclosed in the Form 10-K for the year ended April 30, 2016.

Recent Accounting Pronouncements

In August 2016, the FASB issued ASU No. 2016-15, Statement of Cash Flows (Topic 230). This amendment will provide guidance on the presentation and classification of specific cash flow items to improve consistency within the statement of cash flows. ASU 2016-15 is effective for fiscal years, and interim periods within those fiscal years beginning after December 15, 2017, with early adoption permitted. The Company is evaluating the effect that ASU 2016-15 will have on its financial statements and related disclosures.

In November 2016, the FASB issued ASU No. 2016-18, Statement of Cash Flows (Topic 230): Restricted Cash ("ASU 2016-18") that changes the presentation of restricted cash and cash equivalents on the statement of cash flows. Restricted cash and restricted cash equivalents will be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. This amendment is effective for the Company in the fiscal year beginning October 1, 2018, but early adoption is permissible. The Company is currently evaluating the potential impact that ASU 2016-18 may have on its financial position and statement of cash flows.

Accounting standards that have been issued or proposed by the Financial Accounting Standards Board ("FASB"), Securities and Exchange Commission ("SEC") or other standard setting bodies that do not require adoption until a future date are not expected to have a material impact on the consolidated financial statements upon adoption.

Reclassifications

Certain reclassifications have been made in prior years' condensed consolidated financial statements to conform to the current year's presentation. These reclassifications reflect the results of the China Operations as discontinued operations for all periods presented.

NOTE 4 – CONCENTRATIONS

Accounts Receivable

The concentration of accounts receivable as of October 31, 2016 and April 30, 2016, respectively are as follows:

NOTE 5 – BASIC AND DILUTED NET (LOSS) INCOME PER COMMON SHARE

Basic and diluted net income (loss) per common share from continuing operations is computed as net income (loss) from continuing operations less non-controlling interest and dividends on preferred stock, divided by the weighted average number of common shares outstanding for the period. Diluted net income per common share reflects the potential dilution that could occur from common stock issuable through the exercise of stock options and warrants and note conversions.

NOTE 6 - COSTS AND ESTIMATED EARNINGS ON UNCOMPLETED CONTRACTS

Costs and estimated earnings in excess of billings on uncompleted contracts represents revenue recognized in excess of amounts billed. The liability, "Billings in excess of costs and estimated earnings on uncompleted contracts", represents billings in excess of revenue recognized. Costs and estimated earnings on uncompleted contracts consist of the following at October 31, 2016 and April 30, 2016:

	October 31, 2016			April 30, 2016
Costs incurred on uncompleted contracts	\$	14,244,659	\$	28,884,776

Total	\$	(1,001,378)	\$	(1,001,486)

Revisions in the estimated gross profits on contracts and contract amounts are made in the period in which circumstances requiring the revisions become known. Although management believes it has established adequate procedures for estimating costs to complete on open contracts, it is at least reasonably possible that additional significant costs could occur on contracts prior to completion.

NOTE 7 – DISCONTINUED OPERATIONS

The Company previously disclosed the details regarding the sales of its China Operations in its Form 10-K filed for the year ended April 30, 2016. The schedule below shows the results of discontinued operations from China for the three and six months ended October 31, 2016 and 2015.

Due Related Party

As of October 31, 2016 and April 30, 2016, the China Operations had outstanding payables, representing interest accrued on working capital loans and cash provided for the purpose of retiring the short term bank loan in the amounts of \$0 and \$0, respectively, due on demand to a related party, TGG. This loan, which was paid off at the time of sale of our China Operations was not guaranteed by WPCS. Interest expense for the six months ended October 31, 2015 was immaterial.

The China Operations earned revenue for contracting services provided to TGG (noncontrolling interest in China Operations) and subsidiaries of \$0 for the three and six months ended October 31, 2016 and \$0 and \$212,000 for the three and six months ended October 31, 2015, respectively.

NOTE 8 - INCOME FROM SECTION 16 SETTLEMENT

For the three and six months ended October 31, 2016, the Company received no income from Section 16 settlements. For the same periods in 2015, the Company received \$0 and \$400,000, respectively, of income from a Section 16 settlement. This income was comprised of forgiveness of certain promissory notes as part of the settlement with a note holder who was a defendant named in a Section 16 litigation brought by a shareholder of WPCS. These settlements resolved all issues related to this litigation.

NOTE 9 - BANK LINE OF CREDIT

On May 20, 2015, the Company entered into an asset-based revolving credit line agreement with a California-based bank, which provides a \$1,000,000 line of credit for its Suisun City Operations. The line of credit expires on August 15, 2017, has an interest rate of prime plus 2% and is subject to a monthly borrowing base calculation based upon eligible accounts receivable. The line of credit is secured by all of the assets of the Company. In addition, the line of credit requires our Suisun City Operations to annually comply with certain financial and operational covenants, such as, amongst other things, maintaining a certain quick ratio and a minimum net worth. Suisun City Operations is currently in compliance with all such covenants.

As of the filing date of this report, the Company has not drawn down on the line of credit.

NOTE 11 - STOCKHOLDERS' EQUITY

Conversion of Preferred Shares

On August 1, 2015, the Company entered into an engagement letter with an investment bank to provide investment advisory services for a period of twelve (12) months, which may be extended by mutual consent of the parties. The Company agreed to pay a \$7,500 monthly fee to the investment bank payable in shares of common stock, calculated based on the closing bid price of the common stock on the trading day immediately prior to date payment is due. On each date of payment, the common stock is issued in reliance upon the exemption from registration in Section 4(a)(2) of the Securities Act of 1933. The shares issued for the payments due for the period from May 1, 2016 through July 31, 2016 were 15,104, which resulted in \$22,501 of expense being recognized in the Condensed Consolidated Statement of Operations for the six months ended October 31, 2016.

The Company did not renew this agreement beyond the July 31, 2016 termination date.

On August 4, 2016, the Company issued 142,500 shares of its common stock upon the conversion of 1,425 shares of Series H Preferred Stock.

On September 14, 2016, the Company issued 20,000 shares of its common stock upon the conversion of 200 shares of Series H-1 Preferred Stock.

NOTE 12 – INCOME FROM ARBITRATION SETTLEMENTS

On June 16, 2016, the Company entered into a global settlement agreement and mutual release to resolve all disputes and claims regarding the construction of the Cooper Medical School at Rowan University, located in Camden, New Jersey, in which the Company served as an electrical prime contractor. As a result of such settlement, the Company received proceeds of \$1,150,000 and recorded a gain in the Condensed Consolidated Statement of Operations for the six months ended October 31, 2016. The Cooper Medical School contract was performed under the electrical services segment and is no longer part of the Company's ongoing operation.

During the quarter ended October 31, 2016 the Company settled an outstanding contract claim for \$30,000.

NOTE 13 – SUBSEQUENT EVENTS

On November 18, 2016, the Company issued 20,000 shares of its common stock upon the conversion of 200 shares of Series H-1 Preferred Stock.

On December 13, 2016, the Company received a letter alleging the Company had breached a non-disclosure agreement with Collaboration Solutions, Inc. ("CSI") by hiring two former employees of CSI and assisting such former employees with violating non-competition agreements and misappropriating trade secrets. CSI is seeking payment of \$1,500,000 to settle such claims. The Company does not believe the allegations in the letter have any merit, and if any actual litigation is commenced, intends to aggressively defend against all such claims that might arise once actual litigation commences. Notwithstanding the monetary demand set forth in the letter, the extent of the Company's potential liability in this matter has not yet been determined.

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This Management's Discussion and Analysis of Financial Condition and Results of Operations includes a number of forward-looking statements that reflect Management's current views with respect to future events and financial performance. You can identify these statements by forward-looking words such as "may" "will," "expect," "anticipate," "believe," "estimate" and "continue," or similar words. Those statements include statements regarding the intent, belief or current expectations of us and members of its management team as well as the assumptions on which such statements are based. Prospective investors are cautioned that any such forward-looking statements are not guarantees of future performance and involve risk and uncertainties, and that actual results may differ materially from those contemplated by such forward-looking statements.

Readers are urged to carefully review and consider the various disclosures made by us in this report and in our other reports filed with the Securities and Exchange Commission. Important factors currently known to Management could cause actual results to differ materially from those in forward-looking statements. We undertake no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes in the future operating results over time. We believe that its assumptions are based upon reasonable data derived from and known about our business and operations and the business and operations of the Company. No assurances are made that actual results of operations or the results of our future activities will not differ materially from its assumptions. Factors that could cause differences include, but are not limited to, expected market demand for the Company's services, fluctuations in pricing for materials, and competition.

Overview

The Company currently specializes in contracting services offering communications, security and audio-visual infrastructure through its Suisun City and Texas Operations. We previously announced that we launched the Texas Operations in San Antonio, Texas in January 2016 and then commenced operations in Dallas, Texas in April 2016. During the quarter ended October 31, 2016, the Texas Operations generated approximately \$405,000 in revenue, while incurring approximately \$444,000 in selling, general and administrative expenses in starting these two offices. It is our belief that we can develop the Texas Operations and become profitable in those markets through organic growth, although there can be no assurances. Recently, we instituted some changes and cost reductions in the Texas Operations staffing and related expenses to better align our operational costs with short-term projected revenue expectations.

During the second quarter of 2015, we sold our joint venture interest in the former China Operations and therefore, the financial results of the China Operations for the three and six months ended October 31, 2015, are included in the results from discontinued operations in our financial statements.

Our Suisun City and Texas Operations communication infrastructure services offers low voltage communications infrastructure contracting services to the public services, healthcare, energy and corporate enterprise markets. We provide an integrated approach to project coordination that creates cost-effective solutions. Corporations, government entities, healthcare organizations and educational institutions depend on the reliability and accuracy of voice, data and video communications. However, the potential for this new technology cannot be realized without the right infrastructure to support the convergence of technology. In this regard, we create integrated building systems, including the installation of advanced structured cabling systems. We specialize in wireless technology and a combination of various technologies to develop a cost effective network for a customer's wireless communication requirements. This includes Wi-Fi networks, point-to-point systems, cellular networks, in-building systems and two-way communication systems. We support the integration of telecommunications, life safety, security and HVAC and design for future growth by building in additional capacity for expansion as new capabilities are added.

For the three and six months ended October 31, 2016, we generated revenues from continuing operations of \$4,848,000 and \$8,264,000, respectively as compared to \$3,824,000 and \$8,288,000, respectively for the same periods in 2015. Our backlog at October 31, 2016 was \$16,325,000 as compared to \$13,981,000 at October 31, 2015.

Company Strategy

During the past two fiscal years, our strategy in the contracting services segment included divesting certain operations through the sales of Pride, Seattle Operations and China Operations.

We divested and/or closed these operations either because they were not profitable, or were part of our plan to reduce expenses and liabilities, improve operational performance, as well as to generate cash for working capital and general corporate purposes.

Meanwhile, our ongoing plan continues to be to strengthen the Company's balance sheet as well as to increase revenue, profit and cash flow at our Suisun City Operations and Texas Operations by developing new organic growth opportunities for the Company and seeking viable acquisition and/or merger candidate(s).

The transition from our restructuring plan to a growth plan began during fiscal 2016, as we launched the first wave of organic initiatives targeting revenue enhancement and selected demographic expansion, including:

- · Establishing Texas Operations in San Antonio and Dallas;
- · Strengthening our operations team with proven audio-visual and security systems professionals;
- · Hiring an experienced direct sales team;
- Uniformly deploying full-service low voltage capabilities for developing, installing and servicing structured cabling, audio-visual and security systems into both our California and Texas markets; and,
- · Introducing new recurring revenue product and service offerings.

We believe that these initiatives will change the Company's business and provide more opportunities for growth.

Historically, our Suisun City Operations operated primarily as a subcontractor for low-voltage structured cabling systems, which were generally secured through the competitive bidding process. We were not adequately positioned with the resources to deliver a fully integrated offering to include audio-visual and security. As a result, such opportunities had either been lost, or had to be subcontracted to others. However, with the recent additions we have instituted, we are now able to offer a full turnkey service in both our Suisun City and Texas Operations that will allow us to be fully engaged with our customers well after an initial installation is completed.

In addition to expanding our geographical presence, broadening our contracting revenue potential and offering higher margin recurring service capabilities, we are also pursuing and securing more corporate affiliations and strategic alliances that will create more direct relationships capable of advancing our business opportunities even further.

We have a multi-faceted execution strategy and intend to methodically roll out new initiatives during the fiscal year. Furthermore, we continue to aggressively explore other viable growth opportunities.

In addition to the ongoing operational plan, at the corporate level we are evaluating and undertaking new measures to enhance our public company profile by seeking to attract new long-term minded investors, optimize our capital resources for growth and strengthen our Board of Directors.

We believe that our operational performance and corporate strategies will have a positive impact towards building shareholder value.

Current Operating Trends and Financial Highlights

Management currently considers the following events, trends and uncertainties to be important in understanding our results of operations and financial condition during the current fiscal year.

With regards to our financial results from continuing operations for the quarter ended October 31, 2016, we generated revenue of approximately \$4,848,000 as compared to revenue of \$3,824,000 for the same period last year. This \$1,024,000 increase in revenue was due primarily to a \$618,000 increase in revenue in our Suisun City Operations and by adding approximately \$405,000 in revenue from our newly established Texas Operations. As such, the composition of our current revenue is less reliant on one large customer contract than had been the case during previous fiscal quarters.

We generated a net loss to common shareholders for the three months ended October 31, 2016 of approximately \$439,000, or (\$0.15) per common share, which includes: (i) income from our Suisun City Operations of approximately \$380,000, (ii) a loss from our corporate division of approximately \$441,000, which is comprised of corporate expenses of approximately \$549,000 offset by a gain on settlement of accounts payable of \$108,000; and (iii) a loss from our Texas Operations of approximately \$358,000.

The net loss to common shareholders for the three months ended October 31, 2016 compares to a net loss of approximately \$1,985,000, or (\$1.17) per common share for the three months ended October 31, 2015, which includes: (i) a loss from operations of approximately \$2,041,000; (ii) a gain from discontinued China Operations of approximately \$838,000; and (ii) approximately \$783,000 of non-cash dividends declared on preferred stock.

We believe that our integrated, full service low voltage communication infrastructure contracting services strategy will create additional opportunities. We believe that the ability to provide comprehensive communications infrastructure contracting services gives us a competitive advantage. In regards to strategic development, our focus is on identifying organic growth and selected acquisition opportunities. We are optimistic about our opportunities in the markets we currently serve, as evidenced by our new contract awards and customers continuing to seek bids from us, due to our experience and strong reputation in these markets.

Operating Loss

The Company had an operating loss of approximately \$567,000 for the three months ended October 31, 2016. This quarter's operating loss was comprised primarily of \$338,000 in operating income from Suisun City Operations, which was offset by an operating loss of approximately \$357,000 from our Texas Operations and \$548,000 of corporate overhead expenses. For the three months ended October 31, 2015, the Company had an operating loss of approximately \$2,040,000 which was comprised primarily of \$55,000 in operating income from Suisun City Operations and which was offset by approximately \$2,095,000 of corporate overhead. The details of the operating loss are as follows:

Revenue

Revenue for the three months ended October 31, 2016 increased \$1,024,000, or 26.8%, to \$4,848,000, as compared to \$3,824,000 for same period last year due to an approximately \$618,000 increase in revenue in Suisun City Operations and by an approximately \$405,000 increase in revenue from our newly established Texas Operations. This increase in the Suisun City and Texas Operations' revenue was primarily the result of addition of lower revenue contracts thereby minimizing our reliance on a few large customers.

Cost of Revenue

Cost of revenue, which consists of direct costs on contracts: materials, direct labor, third party subcontractor services, union benefits and other overhead costs increased \$525,000, or 16%, to \$3,819,000, or 78.8% of revenue, for the three months ended October 31, 2016, as compared to \$3,295,000, or 86.1% of revenue, for the same period in 2015. This decrease in the cost of sales as a percentage of revenue (increase in gross margin) is due to the increase in the number of contracts we are entering into that provide lower revenue but higher margin.

Selling, General and Administrative Expenses

For the three months ended October 31, 2016, total selling, general and administrative expenses decreased \$988,000 or 39% to \$1,567,000 as compared to \$2,555,000 for the same period in 2015, which was primarily due to \$443,000 of increased expenses in our newly established Texas Operations and increase in expense in our Suisun Operations of \$115,000 but offset by lower corporate expenses of \$1,547,000. The Texas Operations did not have expenses during the three months ended October 31, 2015, the increase in expenses at our Suisun Operation were primarily due to increase salary expense for the addition of business development personnel while the lower corporate overhead was comprised primarily of lower stock option compensation expense.

Depreciation and Amortization

For the three months ended October 31, 2016, depreciation and amortization was approximately \$28,000 as compared to approximately \$14,000 for the same quarter in 2015, due primarily to the addition of vehicles and office furniture in our Texas Operations.

Loss from Continuing Operations

The Company had a net loss from continuing operations of \$419,000 for the three months ended October 31, 2016 as compared to a loss of \$2,041,000 for the same period in 2015. Loss from continuing operations is determined by adjusting the operating loss by the following items:

Interest Expense

For the three months ended October 31, 2016 and 2015, interest expense was approximately \$1,000 and \$1,000, respectively.

Income from Arbitration Settlement

During the quarter ended October 31, 2016, the Company received \$30,000 in connection with a settlement of an outstanding contract dispute in our Suisun Operations.

Other Income

During the quarter ended October 31, 2016, the Company recognized \$118,000 in other income upon the negotiated settlement of certain accounts payable to an outside vendor.

Net (Loss) Income Attributable to WPCS Common Shareholders

The Company incurred a net loss attributable to WPCS common shareholders of \$439,000 for the three months ended October 31, 2016 as compared to a net loss attributable to WPCS common shareholders of \$1,986,000 for the same period in 2015. The following items are the adjustments to the loss from continuing operations that result in determining the net loss attributable to WPCS common shareholders:

Income From Discontinued Operations

As a result of the sale of the China Operations, we have recorded all activity related to that operation as income from discontinued operations. The cumulative effect is no income or loss for the three months ended October 31, 2016 as compared to a gain on disposal of \$838,000 for the same period in 2015.

Dividends Declared on Preferred Stock

As a result of the issuance of preferred stock, we declared dividends and make-whole dividends of \$0 for the three months ended October 31, 2016 as compared to \$783,000 for the same period in 2015. These dividends are non-cash and were paid in common shares. As of December 31, 2015, the Company is no longer required to pay any such dividends on any outstanding preferred stock. In addition, as a result of the conversion of some of our Series H-1 preferred shares during the three months ended October 31, 2016 we recognized deemed dividends due to the beneficial conversion feature associated with the shares converted.

Operating Loss

The Company had an operating loss of approximately \$1,160,000 for the six months ended October 31, 2016. This period's operating loss was comprised primarily of \$546,000 in operating income from Suisun City Operations, which was offset by an operating loss of approximately \$663,000 from our Texas Operations and \$1,043,000 of corporate overhead expenses. For the six months ended October 31, 2015, the Company had an operating loss of approximately \$2,351,000 which was comprised primarily of \$600,000 in operating income from Suisun City Operations and which was offset by approximately \$2,951,000 of corporate overhead. The Company did not have Texas Operations in 2015. The details of the operating loss are as follows:

Revenue

Revenue for the six months ended October 31, 2016 decreased \$24,000, or less than 1%, to \$8,264,000, as compared to \$8,288,000 for same period last year due to an approximately \$692,000 decrease in revenue in Suisun City Operations offset by an approximately \$668,000 increase in revenue from our newly established Texas Operations. This decrease in the Suisun City revenue was due primarily to lower sales in the first few months of the period and, as disclosed earlier in this section, our three-month operating results as of October 31, 2016 for the Suisun City Operations shows increased revenue.

Cost of Revenue

Cost of revenue, which consists of direct costs on contracts: materials, direct labor, third party subcontractor services, union benefits and other overhead costs decreased \$287,000, or 4.3%, to \$6,455,000, or 78.1% of revenue, for the six months ended October 31, 2016, as compared to \$6,742,000, or 81.3% of revenue, for the same period in 2015. This decrease in the cost of sales as a percentage of revenue (higher gross margin) is due to the increase in the number of contracts we are entering into that provide lower revenue but higher margin.

Selling, General and Administrative Expenses

For the six months ended October 31, 2016, total selling, general and administrative expenses decreased \$948,000 or 24.5% to \$2,920,000 as compared to \$3,868,000 for the same period in 2015, which was primarily due to \$811,000 of increased expenses in our newly established Texas Operations and increase in expense in our Suisun Operations of \$148,000 but offset by lower corporate expenses of \$1,907,000. The Texas Operations did not have expenses during the six months ended October 31, 2015, the increase in expenses at our Suisun Operation were primarily due to increase salary expense for the addition of business development personnel, while the lower corporate overhead was comprised primarily of lower stock option compensation expense and professional fees.

Depreciation and Amortization

For the six months ended October 31, 2016, depreciation and amortization was approximately \$49,000 as compared to approximately \$29,000 for the same period in 2015, due primarily to the addition of vehicles and office furniture in our Texas Operations.

Income (Loss) from Continuing Operations

The Company had net income from continuing operations of \$138,000 for the six months ended October 31, 2016 as compared to a loss of \$1,956,000 for the same period in 2015. Income (loss) from continuing operations is determined by adjusting the operating loss by the following items:

Interest Expense

For the six months ended October 31, 2016 and 2015, interest expense was approximately \$3,000 and \$1,000, respectively.

Income from Section 16 Settlement

During the six months ended October 31, 2016 and 2015, the Company recorded income of \$0 and \$400,000, respectively, for forgiveness of certain promissory notes as part of the settlements with certain note holders who were the remaining defendants named in a Section 16 litigation brought by a shareholder of WPCS.

Income from Arbitration Settlement

During the six months ended October 31, 2016, the Company received \$1,150,000 in connection with a global settlement agreement and mutual release to resolve all existing disputes and claims regarding the construction of the Cooper Medical School at Rowan University, located in Camden, New Jersey, in which the Company served as an electrical prime contractor.

During the six months ended October 31, 2016, the Company received \$30,000 in connection with a settlement of an outstanding contract in our Suisun Operations.

Other Income (Expense)

During the six months ended October 31, 2016, the Company recognized \$118,000 in other income upon the negotiated settlement of certain accounts payable to an outside vendor and miscellaneous other income of approximately \$4,000.

Net Income (Loss) Attributable to WPCS Common Shareholders

The Company had net income attributable to WPCS common shareholders of \$118,000 for the six months ended October 31, 2016 as compared to a net loss attributable to WPCS common shareholders of \$6,168,000 for the same period in 2015. The following items are the adjustments to the loss from continuing operations that result in determining the net loss attributable to WPCS common shareholders:

Income From Discontinued Operations

As a result of the sale of the China Operations, we have recorded all activity related to that operation as income from discontinued operations. The cumulative effect is no income or loss for the six months ended October 31, 2016 as compared to net income and a gain on disposal of \$879,000 for the same period in 2015.

Dividends Declared on Preferred Stock

As a result of the issuance of preferred stock, we declared dividends and make-whole dividends of \$0 for the six months ended October 31, 2016 as compared to \$4,370,000 for the same period in 2015. These dividends are non-cash and were paid in common shares. As of December 31, 2015, the Company is no longer required to pay any such dividends on any outstanding preferred stock. In addition, as a result of the issuance and conversion of some of our Series H-1 preferred shares during the six months ended October 31, 2016 and 2015 we recognized deemed dividends of \$19,724 and \$704,000, respectively due to the beneficial conversion feature associated with these shares.

Effects of Inflation

Inflation has not had a material impact on our business.

Liquidity and Capital Resources as of October 31, 2016

As of October 31, 2016, we had working capital of approximately \$2,120,000, which consisted of current assets of approximately \$6,124,000 and current liabilities of approximately \$4,004,000. This compares to working capital of approximately \$2,061,000 at April 30, 2016. The current liabilities as presented in the balance sheet at October 31, 2016 primarily include approximately \$2,215,000 of accounts payable and accrued expenses and approximately \$1,730,000 of billings in excess of costs and estimated earnings on uncompleted contracts.

Our cash and cash equivalents balance at October 31, 2016 was approximately \$2,070,000.

The Company's future plans and growth are dependent on its ability to increase revenues and continue its business development efforts surrounding its contract award backlog. If the Company continues to incur losses and revenues do not generate from the backlog as expected, the Company may need to raise additional capital to expand its business and continue as a going concern. The Company currently anticipates that its current cash position will be sufficient to meet its working capital requirements to continue its sales and marketing efforts for at least 12 months from the filing date of this report. If in the future the Company's plans or assumptions change or prove to be inaccurate, the Company may need to raise additional funds through public or private debt or equity offerings, financings, corporate collaborations, or other means. The Company may also be required to reduce operating expenditures or investments in its infrastructure.

Backlog

As of October 31, 2016, we had a backlog of unfilled orders of approximately \$16,325,000 as compared to approximately \$13,200,000 at April 30, 2016. We define backlog as the value of work-in-hand to be provided for customers as of a specific date where the following conditions are met (with the exception of engineering change orders): (i) the price of the work to be done is fixed; (ii) the scope of the work to be done is fixed, both in definition and amount; and (iii) there is a written contract, purchase order, agreement or other documentary evidence which represents a firm commitment by the customer to pay us for the work to be performed. These backlog amounts are based on contract values and purchase orders and may not result in actual receipt of revenue in the originally anticipated period or at all. We have experienced variances in the realization of our backlog because of project delays or cancellations resulting from external market factors and economic factors beyond our control and we may experience such delays or cancellations in the future. Backlog does not include new firm commitments that may be awarded to us by our customers from time to time in future periods. These new project awards could be started and completed in this same future period. Accordingly, our backlog does not necessarily represent the total revenue that could be earned by us in future periods.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements other than operating lease commitments.

Critical Accounting Policies

Our discussion and analysis of our financial condition and results of operations are based on our financial statements, which have been prepared in accordance with U.S. GAAP. The preparation of these financial statements requires us to make estimates and judgments that affect our reported amounts of assets, liabilities, revenues and expenses.

On an ongoing basis, we evaluate our estimates and judgments, including those related to accrued expenses and stock-based compensation. We based our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities and the reported amounts of revenues and expenses that are not readily apparent from other sources. Actual results may differ from these estimates.

Our critical accounting policies and significant estimates are detailed in the Form 10-K for the year ended April 30, 2016. Our critical accounting policies and significant estimates have not changed substantially from those previously disclosed in the Form 10-K.

ITEM 3 - QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not applicable.

ITEM 4 - CONTROLS AND PROCEDURES

(a) Evaluation of disclosure controls and procedures.

Our management, with the participation of our chief executive officer and chief financial officer, evaluated the effectiveness of our disclosure controls and procedures pursuant to Rule 13a-15 under the Securities Exchange Act of 1934 as of the end of the period covered by this Quarterly Report on Form 10-Q. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. In addition, the design of disclosure controls and procedures must reflect the fact that there are resource constraints and that management is required to apply its judgment in evaluating the benefits of possible controls and procedures relative to their costs.

Based on our evaluation, our chief executive officer and chief financial officer concluded that, as of October 31, 2016, our disclosure controls and procedures are designed at a reasonable assurance level and are effective to provide reasonable assurance that information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate, to allow timely decisions regarding required disclosure.

(b) Changes in internal control over financial reporting.

There were no changes in our internal control over financial reporting that occurred during the quarter ended October 31, 2016 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

On December 13, 2016, the Company received a letter alleging the Company had breached a non-disclosure agreement with Collaboration Solutions, Inc. ("CSI") by hiring two former employees of CSI and assisting such former employees with violating non-competition agreements and misappropriating trade secrets. CSI is seeking payment of \$1,500,000 to settle such claims. The Company does not believe the allegations in the letter have any merit, and if any actual litigation is commenced, intends to aggressively defend against all such claims that might arise once actual litigation commences. Notwithstanding the monetary demand set forth in the letter, the extent of the Company's potential liability in this matter has not yet been determined.

ITEM 1A. RISK FACTORS

Not required.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

On September 14, 2016, the Company issued 20,000 shares of its common stock in a transaction that was not registered under the Securities Act of 1933. The shares of common stock were issued upon the conversion of 200 shares of Series H-1 Convertible Preferred Stock and were issued in reliance upon the exemption from registration in Section 3(a)(9) of the Securities Act of 1933.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

ITEM 5. OTHER INFORMATION

- (a) There is no information required to be disclosed on Form 8-K during the period covered by this Form 10-Q that was not so reported.
- (b) There were no material changes to the procedures by which security holders may recommend nominees to the Company's board of directors during the quarter ended October 31, 2016.
